

Fool Moon

Return 2 Acappelland

10 years after their internationally acclaimed programme **Acappelland**, **Fool Moon** has returned to Acappelland with an album and 90-minute show featuring fresh international pop hits, folk songs and classic audience favourites. Titled *Return 2 Acappelland*, the programme is a continuation of the previous one not only in its title, but also in its vibe, visuals and sound.

Hungary's No. 1, internationally acclaimed pop acappella group, Fool Moon has an over 18-year history of advocating pop-acappella music – performing pop songs without instruments – in Hungary, which has now resulted in an unprecedented popularity of pop acappella with the Hungarian public. Their witty and entertaining, yet skilful and sophisticated style appeal to the general public as well as to musically trained audiences.

➔ 10 international awards, 6 albums, musical collaborations and cultural activity.

Following a themed album (**GeorgeMichaelJackson5**) and an album prepared in collaboration with Hungarian performers (**Kettesben jó**), Fool Moon's latest album, **Return 2 Acappelland**, is a special treat for international and Hungarian fans alike. The concert programme and album are closely related, as listening to album delivers a complete Fool Moon concert experience, and the concert – spiced up with a casual and unique humour and entertaining video imagery – offers an excellent introduction to the new album. Both the concert and the album offer a number of modern, contemporary pop arrangements (*Attention*, *Locked Out of Heaven*) and humorous audience favourites (*I'm Yours*, *Hello.tourist!*, *Bud & Terrence medley*).

As in concerts, the album setlist includes a folk gems like *Népdal* with an unconventional beat, and *A csitári hegyek alatt* featuring Veres Mónika 'Nika'. Offering a glimpse into the rich past of Fool Moon, the programme features an arrangement with a mouth-guitar solo (*It's Probably Me*), songs related to recent competition victories (*Moscow Nights & Derzhi*) and even the group's very first arrangement (*Wedding Day*). The concert comes to a pumped up ending with three upbeat pop hits (*Can't Stop The Feeling*, *Don't Worry*, *Uptown Funk*) that generally make the audience dance at the end of the show.
